

OUR GOALS

Become the number-one left-wing firearms advocacy organization in the United States.

Form a nationwide network of safe, left-leaning firearms instructors friendly to oppressed groups.

Political advocacy related to firearms policies through letter writing, policy writing, etc.

Become established in all 50 U.S. states, legally qualified to give instruction (including concealed carry instruction) where applicable.

Start our own gun ranges to counter the right-wing, minority-unfriendly culture often present at mainstream gun ranges and to break with the extensive influence of the NRA on gun ranges.

Spread suicide awareness and try to limit suicides by firearm through a temporary firearm holding program: giving people the ability to check in firearms with a local chapter as a service for at-risk individuals rather than risk losing their firearms rights through the state.

BECOME A MEMBER

The SRA is a dues-based, non-profit cooperative which welcomes any working class, progressive, anarchist, socialist, communist, eco-warrior, animal liberator, anti-fascist, anti-racist, anti-capitalist, PoC, LGBTQ+, or anyone who is interested in learning about firearms and all forms self- and community-defense.

WHO WE ARE

The Socialist Rifle Association is an educational organization dedicated to providing the working class with the information they need to be effectively armed for self- and community-

defense. This includes all manner of community-defense, from the right of the working class to possess firearms to the ability to be well versed in the fields of medicine, disaster relief, logistics, agriculture, and survival skills. Our goal is to provide an alternate to the main stream, toxic, right-wing, and non-inclusive gun culture that has dominated the firearms community for decades. We seek to provide a safe, inclusive, and left-leaning platform for talking about gun rights and self defense, free from racist and reactionary prejudices, while providing a platform for the working class to obtain the skills necessary for all aspects of community defense.

Our members produce quality manuals and guides for teaching firearms safety, marksmanship, history, and mechanics; as well as unarmed self defense, cyber security, emergency medical care, disaster relief, bushcraft, and hunting. Our local chapters will provide in-person training and workshops, using individual members' skills to help address the needs of their community. We also encourage members to pursue certification and outside training in EMT and disaster relief, so they can provide critical services to their community in bad times.

WE KEEP US SAFE.

WHAT WE DO

GUN LOCK CLINICS

The SRA hosts tabling events at neutral venues such as libraries and churches where a demonstration of gun lock use and mechanics will be available as well as literature regarding safe firearm storage. Free gun locks are given away to interested participants.

RANGE AFFILIATE PROGRAM

The SRA is seeking to partner with local gun ranges to form relationships beneficial to both parties and ensure our members are not harassed or discriminated against based on race, color, creed, gender, gender expression, national origin, disability, marital status, sexual orientation, or political beliefs.

FAQ

Are you a militia?

We encourage our members to oppose fascism in all its forms, and we stand in solidarity with our comrades who engage in direct actions against fascist organization. However, we are not a militia and we do not condone our members engaging in violence on our behalf. We believe the best way for our organization to oppose fascism is through education, training, and community building.

You charge money for membership? Doesn't that mean you are some kind of business? Where do my \$25 dues go?

The Socialist Rifle Association has organized as a not-for-profit corporation. It is a legal entity that provides the framework to be able to collect dues, distribute merchandise, as well as conduct other matters of the legal and banking nature within the state capitalist paradigm we exist under. As a not-for-profit 501(c)(4), it is bound to benefit the "social welfare of the greater community," and is ultimately responsible to its members. Administrative costs such as the website, filing fees, purchasing merchandise for resell, and providing services to our members such as sponsoring members to become firearms and first aid instructors that in turn provide subsidized classes for working class individuals. As a not-for-profit, all excess "profits" are reinvested into the organization.

These and other frequently asked questions can be found at socialistra.org/about

DISASTER RELIEF

The SRA has previously provided and will continue to provide disaster relief, for example in the case of severe food shortages due to hurricanes.

INSTRUCTOR PROGRAM

The SRA assists in paying for volunteer candidates to become trained as instructors by the USCCA or the Red Cross as concealed carry instructors or first aid instructors. The CWP course is to provide an affordable alternative to most forms of firearm education that can be well over \$100 per individual. The course material comes from some of the leading experts in the field to date, provides a solid cornerstone of education, and is regularly expanded upon by the USCCA. It covers everything from the functions of a pistol to the legal ramifications regarding the use of force in a critical self-defense incident. All SRA CWP courses will involve a live fire qualification even if a state's permit requirements do not include a course of fire, so that the instructor can gauge each individual's ability and ensure the most complete level of even basic training and education.
